PROFILE

Computer Engineering student with hands-on experience in developing web and application-based projects. Familiar with Java, JavaScript, HTML, CSS, Python, SQL, Flutter, Firebase, and database technologies. Interested in software development and backend development, with a strong willingness to learn new technologies and build practical solutions. Looking for an opportunity to start a career as a Software Developer and contribute to real-world projects.

PROJECTS

1. Personal Portfolio Website

- Developed a personal portfolio website to showcase education, technical skills, projects and contact information.
- Integrated Firebase to store contact form data.
- Deployed the portfolio online using Firebase/GitHub-based hosting.
- Link: https://janidhruvit.github.io/New_portofolio/

2. PujaSetu – Pandit & Client Appointment Application

- Developed a Hindu-themed mobile application for connecting clients with Pandits and managing appointment-related services.
- Built the application using Flutter with Firebase-based services.
- Implemented user and Pandit-side application flows, profile management and location-based functionality.
- Worked with authentication, database integration, maps/location services and application navigation.
- Link: <https://pujasetu.netlify.app/>

3. FinanceFlow – Personal Finance Management Application

- Developed a modern web application for managing income, expenses and personal financial records.
- Designed an interactive dashboard to help users track transactions and understand their financial activities.
- Implemented responsive UI and smooth user interactions for a simple and user-friendly experience.
- Link: <https://financeofflow.netlify.app>

4. Buddy Nexus AI

- Developed an AI-powered project designed to provide users with intelligent assistance and interaction.
- Implemented an interactive interface focused on user-friendly communication and practical AI-based functionality.
- Worked on integrating AI features to improve the overall user experience and automate user interactions.
